

Scholarship Application

While not guaranteed, NAIITS attempts to offer a tuition-directed scholarship for the MA program(s), which is made available through the generosity of faculty and friends. If you believe you might qualify for the scholarship, you are encouraged to apply according to the following guidelines.

BASIC AWARD

\$100 per credit hour taken per award period deemed eligible to a maximum lifetime award of \$5000.

Requirements for Consideration

1. Scholarship awards are directed primarily toward Native North American, then other Indigenous peoples – in that order. Non-Indigenous students may apply and be considered, but will not be guaranteed.
2. Scholarships will be awarded solely at the discretion of NAIITS faculty and/or administration, which may make other awards as deemed appropriate.
3. Students must be enrolled or accepted into one of the NAIITS degree programs.
4. Students must be enrolled full time in two consecutive semesters for the year in which the scholarship is being awarded. Full-time status for degree programs is considered reached at 6 hours per semester.
5. Students must reapply for scholarships each year. NOTE: Subsequent withdrawal from courses to below the above level, or failure to complete courses in the semester for which the award is given will disqualify the applicant from reapplying for one full year.
6. Applications must be received by March 1st to be considered for the April 30th awards and by July 1st to be considered for the August 30th awards respectively.
7. Students who are applying for other student aid in their country of residence must complete and file required documents personally – they will not be filed by NAIITS.

NOTE: Successful applicants are not prevented from applying for scholarships from other sources of funding.
